

Parenting Programme

Parenting Sessions are delivered as part of the Family Hubs service to help support parents/carers with the challenges of their children's behaviours.

The programme gives the parents/carers the opportunity to Stop, Reflect & Re-Start

Using restorative approaches our aim is to encourage nurturing behaviours, promote consistent boundaries, age appropriate consequences and increase parents/carers knowledge of their child's brain development and reasoning behind their behaviours.

For further information or details please contact:

Butterflies Family Hub, Normanton- 01924 307835
